

Autorità di Sistema Portuale
del Mar Ionio

NOTICE OF AVAILABILITY OF STATE-OWNED AREAS FOR REQUESTING A MARITIME PUBLIC CONCESSION for the Construction of Solar Energy Production Plants – pursuant to Italian Legislative Decree No. 387/2003 and subsequent amendments and additions

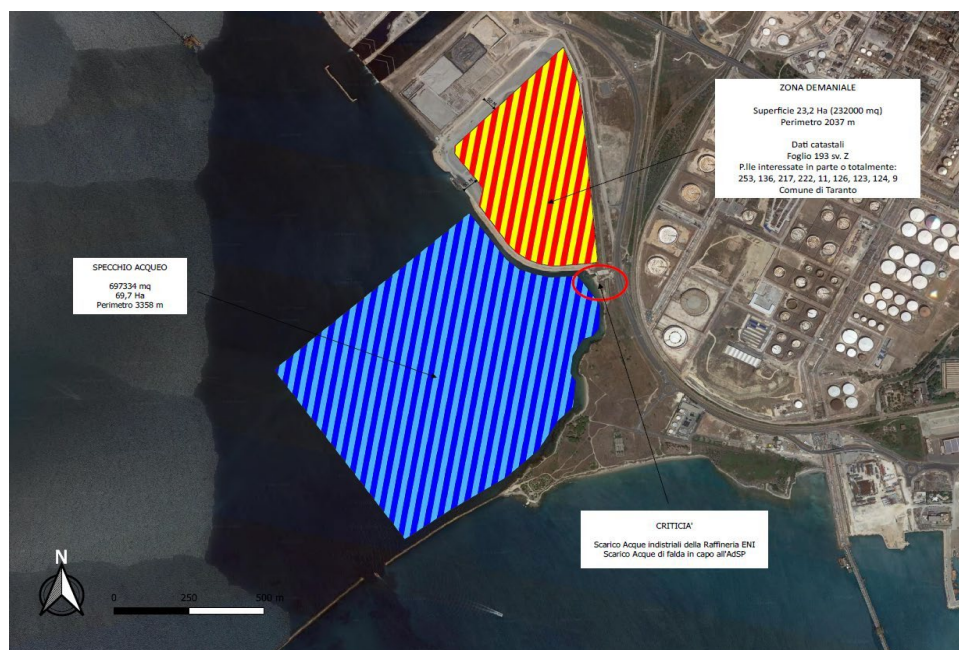

1. BODY

Name: Port Network Authority of the Ionian Sea
Address: Porto Mercantile Molo San Cataldo - 74123 Taranto (TA)
Tax Code: 90048270731
PEC: protocollo.autportta@postecert.it
Phone: +39 099 4711611
Fax: +39 099 4706877
Institutional portal: www.port.taranto.it

2. GENERAL INFORMATION

- 2.1 The Port Network Authority of the Ionian Sea hereby announces the availability of maritime state-owned areas intended for the construction of solar energy production plants, both onshore and offshore. Therefore, interested parties must submit a request to MASE (Ministero dell'Ambiente e della Sicurezza Energetica - Ministry of Environment and Energy Security) to obtain authorisation for the renewable energy production plants as provided by Article 12 of Italian Legislative Decree No. 387/2003 and subsequent amendments and additions; as part of this procedure, the opinion of the competent AdSP (Autorità di Sistema Portuale - Port Network Authority) will be obtained.
- 2.2 The Port Network Authority has the following state-owned areas, falling within its jurisdiction, on which the mentioned plant can be constructed. These are, in detail, the areas identified as follows:
- ✓ State-owned area of approximately 23 hectares, registered in the land registry under sheet number 193. vr. Parcels: 253, 136, 217, 222, 11, 126, 123, 124, 9.
 - ✓ Water surface area of approximately 70 hectares, perimeter of 3,358 meters.

The request may concern either the entire available area or a portion of it, depending on the solution identified by the applicant, which must still meet the specific needs of the Port Network Authority of the Ionian Sea and take into account the cold ironing plants being constructed in public areas and the requirements of the port companies.

2.3 For complete information, please refer to the DEASP (Documento Energetico Ambientale del Sistema Portuale - Port Network Environmental Energy Planning Document) of this Administration, accessible at the link: <https://port.taranto.it/attachments/article/1919/Aggiornamento%20DEASP.pdf>

3. REQUIREMENTS

The applicant must meet the requirements set out in Article 35 of the current "*Regulations on Administrative Procedures regarding Public Maritime Domain*".

(https://www.port.taranto.it/attachments/article/1944/REGOLAMENTO_demanio_marittimo_2024.pdf)

4. ELEMENTS OF INTEREST TO THE ADMINISTRATION FOR THE PURSUIT OF PUBLIC INTEREST

To ensure equality and transparency, the Port Network Authority of the Ionian Sea has identified the following evaluation elements, in light of which it will express its opinion within the procedure pursuant to Article 12 of Italian Legislative Decree No. 387/2003 and subsequent amendments and additions:

- Innovativeness of the proposed technological solutions, also to ensure the minimal environmental impact of the works;
- Energy tariff for: 1) Port Network Authority of the Ionian Sea; 2) Supply of cold ironing plants on public areas (San Cataldo Pier); 3) Companies in the Port of Taranto;
- Methods of using any additional energy produced for uses not provided for in the previous points;
- Construction and commissioning time of the plant.

The economic operators interested in the aforementioned maritime public domain area for the purposes in question must submit an application to the Ministry of Environment and Energy Security and follow the authorisation procedure for renewable energy production plants provided by Article 12 of Italian Legislative Decree No. 387/2003 and subsequent amendments and additions, as well as obtaining all opinions/authorisations/concessions and/or permits necessary for the construction, management, and maintenance of the aforementioned plants.

5. SITE INSPECTION

It is possible to view the sites from Monday to Friday between 10:00 AM to 12:00 PM and 3:00 PM to 5:00 PM by appointment, which can be arranged by phone at the following numbers: 0994711622 – 0994711659 – 0994711658 with Engineers Gianluca Semitaio, Gennaro Ruggeri and Maria Santoro. Alternatively, you can send an email to the following address: ambiente@port.taranto.it. Please note that no certification of the site inspection will be issued at the end of the site inspection.

6. PUBLIC NOTICE

This communication is published on the institutional website of the Authority in the sections Public Notice Board and Transparency Management.

The President
Prof. Sergio PRETE
